Score	Project Exploration
3	On time; All explorations contain all required information; Information presented gives a thoughtful, clear and detailed picture of the projects; Writing is clear, concise, well organized, uses complete sentences and proper grammar; Explorations are correctly linked, neatly formatted and easy to read.
2	On time; All explorations contain all required information; Information presented accurately describes the project; Writing may have minor issues but does not distract from meaning or understanding; Explorations are correctly linked but may be poorly formatted or difficult to read.
1	On time; One or more explorations may be missing entirely or missing required information; Information in the exploration does not give an adequate picture of the project; Information may simply be copy and pasted; Writing, formatting or grammar may interfere with understanding. Explorations may be incorrectly linked, poorly formatted or difficult to read.
0	Late, missing or substantially incomplete; clearly demonstrates little to no investment in the assignment.
